Suravaram Jagadeeswar Reddy

Software Developer
+91 6304103652 | sjagadeeswar52@gmail.com | **LinkedIn** | **Portfolio**

SUMMARY

Experienced IT professional with expertise in Core Java, Spring Boot and Microservices, specializing in developing, and optimizing robust software solutions. Strong skills in collaborating with cross-functional teams, resolving technical issues, and maintaining data integrity. Committed to delivering efficient and scalable solutions in fast-paced environments.

TECHNICAL SKILLS

Languages	:Core Java, Python
Frameworks	:Spring Boot, RESTAPI
Databases	:MySQL, PostgreSQL
Version Control Tools	:Git, GitHub
Developer Tools	:VSCode, EclipseIDE, Spring Tools Suite, Postman
Monitoring Tools	:AppDynamics, Nagvis
Others	:Agile Methodologies, Risk Management, SDLC,CI/CD, Jira, Confluence

EXPERIENCE

Software Developer – Wipro Technologies   09/2022–Present

Close Brothers Banking
- Developed a cutting-edge web application with scalable RESTful APIs using **Java**, **Spring Boot** and adhering to best practices for backend development.
- Designed scalable **RESTful APIs** using Spring Boot to handle high-traffic requests and optimized performance by implementing **Redis caching** and query optimization techniques, improving API response times by 50%.
- Implemented **Microservices** architecture with Spring Boot, enabling service discovery, load balancing and fault tolerance and enhancing system performance by reducing load by 10%.
- Worked closely with teams and clients in an **Agile** environment to gather requirements, define objectives and ensure timely delivery of solutions.
- Enhanced database performance through optimized **SQL** queries, reducing processing time by 15%.
- Executed custom exception handling frame works to enhance error logging and provide meaningful feedback to clients.
  Tech Stack:- Java, Springboot, Microservices, Restful APIs, MySQL, CI/CD, Git

PROJECTS

Online Job Portal: *Java, Springboot, AWS, Angular, MySQL* [GitHub]
- A full-stack website used to track the job details and job history by the all the jobseekers and recruiters who are login.
- Launched in AWS EC2, AWS S3 and achieved low latency and reduced compute time. Developed in Microservices architecture

Cloud Vendor App: Java*, Springboot, MySQL, Exception handling, Logging, Role-based access, Monitoring* [GitHub]
- Developed a Cloud Vendor REST API using Spring Boot to manage cloud vendor details, including CRUD operations
- Implemented global exception handling and custom exception classes for better error management.
- Designed RESTful endpoints with Swagger documentation for enhanced API usability. Integrated JPA for database interactions.

Education

Sir C R Reddy College of Engineering	(2018-2022)
B.Tech in Computer Science & Engineering	8.16CGPA

CERTIFICATIONS

AWS Certified Cloud Practitioner–Amazon   02/2023
- It validates cloud fluency and foundational AWS knowledge.

Java Certification – StackRoute   02/2023
- It validates knowledge and demonstrating strong proficiency and expertise in Java programming and development.

Python Certification–Hacker Rank
- It covers topics like in OOPs concepts, data structures, algorithms and problem solving.

Software Development Processes and Methodologies(SDLC) –Coursera
- It covers various SDLC topics like Agile, Software Architecture and Water fall to deliver efficient and high-quality solutions.

ACHIEVEMENTS

Inspiring Performer of the year
   -Recognized Awarded for consistently inspiring others through exceptional performance, dedication, and a passion for excellence throughout the year.
